1. Prepare Capsule

Separate one of the blisters from the blister card by tearing along the perforation. Take one blister and peel away the protective backing to expose the capsule. Do not push capsule through foil.

Lorem Ipsum passages, and later with layout software like Aldus PageMaker, which also included a version of Lorem Ipsum. Lorem Ipsum is simply dummy text of the printing.

My diary

Instructions 

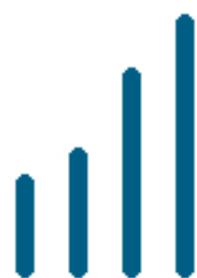

Today is your first day using the app. Welcome! What about watching the instructional video and step by step guide to learn how to use your inhaler? Then evaluate the inhaler use by answering the questions

Questions

It is important to answer the two questions after daily use of the inhaler to develop routine in taking your medication, so you'll be less likely to forget it

History

You need to answer the questions for 3 days in order to activate this section

My reminders

This app allows you to set daily reminders to answer the questions, and more...

My diary

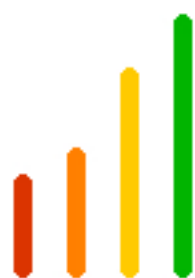

Instructions 

We advise you to look at the inhalation instruction step by step. If you do not understand something please contact your doctor or pharmacy

Questions
You have already answered the questions today, good job!

History
Tap here to check how was your overall use of the medicine

My reminders
Your next reminder: 10:00 AM
Your next prescription: in 12 days

< Questions

I was able to use my inhaler properly:

I am convinced that I inhaled the full dose:
